

Elsevier Young investigator Award

The EAPM young investigator award sponsored by Elsevier

Under the auspices of the European Association of Psychosomatic Medicine (EAPM), Elsevier has established a scientific award for young investigators in the field of psychosomatic medicine, consultation-liaison psychiatry and integrated care.

Award

An award to the amount of EUR 1000 will be presented at the annual conference of the EAPM. The forthcoming conference will be from 16-18 June 2016 in Luleå, Sweden. The awardee will make a short presentation of his work at the conference.

Eligibility

In order to be eligible for the award, the applicant should:

- be a young investigator, no more than 7 years beyond completion of training or highest degree.
- have an original manuscript of a study in the field of psychosomatic medicine, consultation-liaison psychiatry or integrated care accepted by or submitted to the Journal of Psychosomatic Research between 1 September 2015 and 1 May 2016 of which the applicant is the principal investigator and/or first author.

Application procedure

The applicant should send an email to the editorial office of the Journal of Psychosomatic Research, with the following content:

- a cover letter from the candidate stating his/her interest in the competition.
- a brief curriculum vitae (not more than one page)
- a copy or reference number of the manuscript submitted or accepted for publication from 1 September 2015 and 1 May 2016.

Eligible manuscripts will be reviewed by the journal Editors and a final decision about the awards will be made by the Editors in collaboration with the Executive Board of the EAPM. Manuscripts co-authored by a member of the EAPM Executive Board will not be eligible.

Apart from regular peer review, manuscripts will be judged on the basis of scientific soundness, clinical relevance and originality.

Please mail the editorial office <u>mjpsychores@elsevier.com</u> if you have already submitted a paper and would still like to apply for the award.
